

Medaval rating of Blood Glucose Meters recommended by the Australian consumer organisation *Choice*

Monitors are listed according to clinical validation.

Devices without evidence of validation include those without either a published paper proving validation or evidence of possible MDR equivalence to a validated device. Medaval will update devices where scientific proof of validation or MDR equivalence is provided.

Warning: Blood glucose meter accuracy requires strict adherence to manufacturer instructions. If the procedure is not followed correctly, the results can be very inaccurate.

Symbols:  Discontinued  Recalled

★★★ 3-Star Blood Glucose Meters ★★★

Abbott FreeStyle Freedom Lite
Abbott FreeStyle Optium Neo
Ascensia Contour Next (Bayer)
LifeScan OneTouch Verio Flex

LifeScan OneTouch Verio IQ
