

CARDIOLINE

walk200b

walk200b is a blood pressure holter recorder lasting 24 hours or more. **walk200b** complies with the CARDIOLINE® sw. **cube**abpm (see the dedicated docs).

walk200b is a recorder easy to use, light and compact to maximize the patient comfort.

The features which distinguish **walk200b** are:

- display LCD to visualize the measured values and service messages, functionality disabled via software;
- connectivity to PC based on bluetooth standard technology;
- self-adapting algorithm to control the cuff pressure;
- event marker function and start/stop wake up/sleep periods;
- limited size and noiseless pump.

Intended use

walk200b is a blood pressure Holter recorder lasting 24 hours or more designed to perform ambulatory monitoring tests during 24 hours or more (or Holter tests) to control cardiac functions and/or diagnose the Patient's state of health, except in those situations in which a variation of cardiac function could constitute an immediate risk for the patient.

The device is intended for use in the medical sphere by qualified and suitably trained staff in compliance with the instructions contained in the User Manual.

The device should be handled with care and protected from impact, vibrations, sources of heat, liquids and anything which might damage it. All the information regarding Residual Risks is provided and highlighted in the User Manual in the "Warnings" chapter.

walk200b

CARDIOLINE

Technical features

Pressure measurement range:

Systolic.....	60 to 290 mmHg
Diastolic	30 to 195 mmHg
Accuracy	± 3 mmHg in the range indicated
Static pressure range.....	0 to 300 mmHg
Pulse range.....	30 to 240 beats per minutes
Method	oscillometric
Measurement intervals.....	0,1,2,4,5,6,12 or 30 measurements per hour
Monitoring protocol	2 modifiable interval groups
Storage capacity	300 measurements
Battery capacity	> 300 measurements
Operating temperatures.....	+10°C to +40°C
Operative humidity	15% to 90%
Storage environment.....	-20°C to 50°C and 15% to 95% humidity
Dimensions	128 x 75 x 30 mm
Weight.....	approx 240 g including batteries
Power supply	2 Ni-MH batteries each 1,2 V and 1500 mAh (AA, Mignon) or 2 alkaline 1,5 V batteries(AA, Mignon)
Interfaces	Bluetooth (Class 1 / 100 m)

Basic equipment

Ref.	Description	Q.ty
63090646	Cuff size M	1
65090070	Pouch	1
	Alkalyne battery, type AA LR06	2
	cube abpm software	1
63090295	BT USB dongle for PC cl.I + extens.cable	1
	User Manual	1

Accessories

Ref.	Description
63090228C	Alkalyne battery, type AA LR06, 10 pcs
63090295	BT USB dongle for PC cl.I + extens.cable
63090645	Large cuff for walk200b
63090646	Standard cuff for walk200b
63090647	Small cuff for walk200b
63090648	Extralarge cuff for walk200b
65090070	Pouch
